Our visitors this afternoon are Frysston C.W. from the Castleford area.

Our most recent League game was at Tadcaster Albion two weeks ago. Due to some minor injuries, the side was somewhat re-organised after our Senior Cup games against Crookens and included were Shaun Hardy from the Under 18 team, new signing Richard Briggs with another Junior, Gary Waller being substitute. We got off to a flying start, going 2-0 up inside the first 15 minutes with goals from Dawson and Ownsworth, the home side not knowing what had hit them with the quality of football we were playing. However, by half time the score was 2-2. Steve Levesley regained our lead after 75 minutes only for Tadcaster to equalise with a badly deflected free kick in the last couple of minutes. The whole team played well and were unlucky not to get maximum points. It is great to see that we have quality and strength in depth, so much so that no player can assume the right to a shirt. This is a matter of great credit to all.

We returned to Cup football last weekend, travelling to First Division Garforth Town in the League Cup. We put the home side under pressure from the kick off and, after several near misses, Richard Briggs scored his first goal for the Club after 32 minutes. Garforth came at us more in the second half but our defence was more than able to deal with any threat. In the 75th minute, Wayne Goodison was brought down in the area, the ball breaking to Steve Levesley who made no mistake from close range.

Last Saturday was also Cup day for our Second Team playing at Clifton Rovers in the County Senior League Cup. They progressed to the quarter final stage winning by 6-1 with goals from Ellison(3), Waller(2) and Pickering. Paul Gee, recently returned after a serious head injury, has had outstanding performances in the last two matches.

### PLAYER PROFILE - PETER DICKENSON

Peter lives in Stocksbridge and works as a Stores Controller at U.E.S.

His previous Clubs include Red Grouse, Miners Arms and Silver Fox - not surprisingly, his favourite drink is Guinness and his favourite food is hot curry with loads of garlic. Little wonder he's so often alone in his penalty area!

Other than football, he also enjoys snooker, deep sea fishing, water skiing and sunny holidays but he dislikes heights, rough seas and travelling.

He has a wide taste in music, liking almost anything except 'The Birdie Song' and his favourite film is 'The Exorcist'.

Peter's best memory in football is winning the League with the Red Grouse and his ambition is to win something with this Club - also to see Chris Hufton smile before a match!
